Dear Chairman Forese,

APS has asked again to increase electric rates. The proposal is also to make many electric bills contain a much larger fixed charge that cannot be controlled by using less energy.

The Prescott area deserves a public comment session so you can hear from the public what they think of APS' request.

In both Clarkdale and Flagstaff the Corporation Commission has held public comment sessions for customers of APS. The Prescott area has many retired people and many are living on fixed incomes. Being able to control the amount of our power bill is essential.

This is an important issue. Please give the Prescott area residents the chance to address you on the APS proposal before you make your decision. Thank you.

Sincerely,

Ms. Tamar Dick
